

KNOW BEFORE YOU GO

**APRIL 26-28, 2024
RACE WEEKEND AT THE MONSTER MILE**

We can't wait for engines to refire at Dover Motor Speedway for our latest NASCAR tripleheader weekend on April 26-28, featuring the Würth 400, the 106th NASCAR Cup Series race at the Monster Mile!

As part of our "More in '24" initiative, we are implementing an improved and streamlined security screening and gate admission process! Our goal is to always improve the guest experience and this year we are taking a big step to deliver upon that promise. Please see highlights below and be sure to reference our facility map below or visit DoverMotorSpeedway.com for the latest information and details.

SECURITY SCREENING PERIMETER

We have extended our Security Screening Perimeter more toward the edge of our property. There are eight perimeter security gates, including those outside popular locations such as the Fan Zone and the Monster Monument at Victory Plaza. You will NOT have to display your ticket at these locations. This is the same process as we have always had at the facility — we are simply pushing this process out further to enhance security and provide an easier ingress onto our property.

ADMISSION SCANNING GATES

All gate numbers remain the same. However, Gates 1, 2, 3 and 19/20 have been extended further away from the grandstands to allow more fans to pass through to their specific grandstand section while creating a new concourse area, with security checks taking place prior to entering the property. You will see more lanes and more staff to scan your mobile tickets and improve your experience. And if you need to exit the gates to head back out to the Fan Zone, a daily hand stamp will allow you to come and go easily.

SUITE GATE

For our suite guests, there is now a Suite Gate exclusively dedicated for you. This Suite Gate (located between Gates 1 & 2) allows quick access to your suite. Prior to entering your suite elevator, you will be required to obtain a wristband, making it easy for you to access the suites and Fan Zone area throughout the day. The Suite Wristband Redemption tent is located adjacent to the Suite Gate.
